Highway Report: Randy will be working on the guardrail at the ball field. They are working on graveling roads and hauling stone. The Markowski pit will be closed for a few days next week-so they have stockpiled some stone. Randy would like to purchase 3 new hand-held 2-way radios for the highway crew. The ones that they have are old and only 2 of them work. Randy has looked into getting them fixed- but was advised that they no longer can get parts for them. The Board authorized Randy to purchase 3 new radios for the highway department use. Randy will need the radios for upcoming paving.
