Bruce M moved to accept the minutes of August 13, 2019 as written. Josh seconded the motion and motion carried.

Discussion of survey that was sent out last week which included a photo of the proposed new building with a sign that read "Bridgewater Community Center". This signage has been on the draft plans for the past 2-3 years and is only for proposed draft not actual language of future sign.

Bruce S. reported that he met with Dave Green regarding the Woodstock Emergency Services building. They have or are about to hire an individual for \$20,000 to coordinate and send out Requests for Estimates (RFE) asking companies to give them building quotes. Killington may have also done this. Before we move forward to get quotes, we are at a point of needing to know which direction/plan that the town wants us to move. Hoping that the survey that was sent out last week will assist us with direction to take to the selectboard. Surveys are due in by August 31<sup>st</sup>. Nancy reported that we have gotten a good response to date. Discussion of opening and reviewing survey results. Nancy will warn a special meeting for Wednesday, September 4<sup>th</sup> at 5:00 pm to open and review survey results.

Discussion of funding of project in addition to bonding. Kathryn Midgley may be able to help with grants, including grants that may be available through the State of Vermont, Buildings and Grounds Dept.

Next regular meeting will be on September 10, 2019 at 6:00 pm at the Fire Station.

Being no further business, meeting adjourned at 7:45 pm

Respectfully submitted,

*Nancy Robinson*
