March 25, 2020

Dear ABLE Waste Customers:

At this difficult time, we would like to reassure our customers that we are doing our best to continue servicing your waste and recycling needs.

Things are changing daily, and we will make an effort to keep you all informed.

Our goal is to keep our communities and staff safe.

Daily routes will not change at this time.

We will at this time continue **fast trash programs** at their scheduled times and locations.

There will be some changes to these programs until the risk of COVID19 has passed and our state of emergency lifted.

Please be prepared to handle your own trash and recycling at our programs. If you are unable to handle your own trash and recycling our attendants will assist you.

We ask that you try to have your items in the rear of your vehicle.

Please be respectful of our staff and your neighbors surrounding you, **maintain the advised six-foot distance.**

Bring exact change for payments. Absolutely NO change will be made.

Please help us to keep everyone safe and allow us to continue to operate these programs for you.

PLEASE if you are ill or under any quarantine, DO NOT come to our programs.

If you will need special assistance or would like to schedule a pickup at your residence during this time, call our office to make arrangements at 802-672-3569.

We want to thank all of you for your understanding and support.

We want our communities to be safe and help one another get through this.

Sincerely,

Arthur Lynds

ABLE Waste Management
