

TOWN OF BRIDGEWATER  
NEW BUILDING COMMITTEE MINUTES  
June 19, 2018

Draft

Meeting was called to order at 6:10 by Ellen Quinn

Present: Bruce Maxham, Josh Maxham, Bruce Seely and Steve Tarleton, Sr.

Visitors: None

The committee has received two proposals (quotes) for Civil Engineering services for the new building site. Willis Engineering and Enman-Kesselring. Reviewed and compared the two proposals. Willis included soil testing and Enman did not. Enman focused quite a bit on water sourcing and Willis did not. Bruce S. will contact each company for clarification on both missing pieces. Committee members leaning toward Willis as they feel more confident in the services that will be provided.

Will bring quotes to next Selectboard meeting for review and approval.

Being no further business, meeting adjourned at 7:15 pm.

Respectfully submitted,

Ellen Quinn  
Acting Clerk
