

TOWN OF BRIDGEWATER
NEW BUILDING COMMITTEE MINUTES
June 5, 2018

Draft

Meeting was called to order at 6:00 by Ellen Quinn

Present: Bruce Maxham, Josh Maxham, Bruce Seely, Steve Tarleton, Sr., Nancy Robinson

Visitors: Mike Willis and Greg McKenney

Ellen moved to accept the minutes of May 8, 2018 as written. Bruce Maxham seconded the motion and motion carried.

Visitors: John Turner Consulting has acquired Willis Engineering Company. Mike Willis is still a working member of the firm. Mike and Greg gave a brief explanation of what the Civil Engineer would do as part of the new building project; soil sampling, deal with all state and local permits, storm water issues, new well, septic, parking, utilities, geotechnical and allowable bearing capacity as International Building Codes have to be followed. Civil Engineer makes the ground ready for a new building, architect sites the building.

Mike would like to give a quote to the town in phases. Phase 1 would include checking property lines and getting pins set, ground drilling, necessary permitting and parking.

Could have a quote to Bruce Seely by June 15th. Bruce will then send around to committee members for review. Discussion of getting a second quote. Bruce S. and Bruce M. will meet with Nicole Kesselring of Enman-Kesslering on Wednesday afternoon to review information and request a quote for the Civil Engineering work.

Committee will hold a special meeting to review these quote (s) on June 19th. at 6:00 pm at the fire station.

Being no further business, meeting adjourned at 8:00 pm.

Respectfully submitted,

Nancy Robinson
