

TOWN OF BRIDGEWATER  
NEW BUILDING COMMITTEE MINUTES  
FEBRUARY 22, 2018

Draft

Meeting was called to order at 6:05 by Ellen Quinn, Chair

Present: Bruce Maxham, Bruce Seely, Josh Maxham, Nope Martin and Nancy Robinson

Visitors: None

Bruce Maxham moved to accept the minutes of February 22, 2018 as written. Nope seconded the motion and motion carried.

Members reviewed the information that Nicole Kesselring, Civil Engineer had sent for last meeting but were unable to view/print at that time. Updated drawing showed new building nearer to middle of the field, better flow of traffic (ingress/egress), preserves some of the field and provides approx. 60 parking spaces.

Reviewed information and potential questions that may come up at town meeting in regards to the 2 options for a community building/fire station. Town needs a community space that is accessible, efficient, clean, modern, can be used for multiple purposes. Fire department needs a larger building to hold equipment, storage, meeting/training room, decontamination room, laundry room. We need to invest in Bridgewater's future by providing our citizens with a building that can be used by all and something that we can all be proud of.

Committee will meet on February 28<sup>th</sup>. at 5:00 pm to continue review of plans and research.

Being no further business, meeting adjourned at 8:00 pm

Respectfully submitted,

*Nancy Robinson*
